

How To Use Your EVACSAK®

FOR DOGS AND CATS

1. Take the Evacsak® from its storage place.
2. Remove the Evacsak® from the storage pouch.
3. Lay the Evacsak® on a flat surface with the mouth of the bag open.
4. Pick up your pet.
5. Place your pet on top of the open mouth of the Evacsak® .*
6. Grasp the handles and quickly lift the Evacsak® up and around your pet.
7. Grasp the white cord and cinch the Evacsak® closed.
8. Slide the cord lock down the cord, securing the closure.
9. Slide the safety clamp down and against the cord lock and pinch closed.
10. Carry your pet to safety by either the handles or shoulder strap.

*For animals that may be resistant, a treat placed at the bottom of the Evacsak® may help distract your pet long enough to secure them.

FOR OTHER ANIMALS

Special considerations are needed for various small animals due to their ability to escape through small openings or their tendency to gnaw. Fragile creatures, like small birds or insect friends, should be placed in a crush-resistant, ventilated container before being placed into the Evacsak®.

Disclaimer: It is the responsibility of the end-user to utilize the product properly and educate themselves regarding animal handling and the individual personality of the animal(s) in question.
